CALLING ALL MC'S, RAPPERS, PRODUCERS, SINGER/SONGWRITERS, SPOKEN WORD ARTISTS, DJS AND MUSICIANS.

Music Generation South Dublin wants to create a team of dynamic music mentors to work on an exciting new project with young people in South Dublin County.

We know that people's careers take many different paths for all sorts of reasons. We support and celebrate this.

You don't need to have a music qualification, or a university degree or college education, to apply to be part of the NOISE Music team. You do need to have experience working collaboratively on music, and it is best if collaboration is at the core of what you do.

Even if you've never taken a music lesson in your life - we want to hear from you!

NOISE Music welcomes applicants from all backgrounds particularly those who have experienced social and/or economic barriers to employment in music.
